

General Terms and Conditions
(Payment Card Industry On-site Audit)

Article 1 (General Provisions)

1. These Terms and Conditions (“T&C”) set forth the terms and conditions for conducting on-site audits by International Certificate authority of Management System Co., Ltd. (“Company”) on an entity (“Client”) that has information systems handling the information on credit cards (“Payment Card Information System”) which complies with the requirements for Payment Card Industry (“PCI”) security standards established by PCI Security Standard Council (“PCI SSC”). For the avoidance of doubt, the contract to be concluded between the Company and the Client in accordance with these T&C shall be referred to as the Service Agreement hereinafter.
2. These T&C applies to all relationships and actions arise between the Company and the Client in relation to on-site audits.
3. Any terms used herein have the meaning used in security standards established by PCI SSC, unless otherwise stipulated in these T&C.
4. The Company and the Client agree and consent to perform its obligations under these T&C in good faith.
5. The Company may update these T&C. In such a case, the change in providing conditions (including fees and others) due to the update of the T&C automatically applies to all Service Agreement at the same time as updating these T&C, unless specifically stated otherwise. These T&C may be updated without notice, and the Client agrees that updated T&C on the Company’s website(https://www.icms.co.jp/pci_datasecurity_EN.pdf) will apply to the Client as the latest version.

Article 2 (Audit)

1. The Client shall inform the Company of any items corresponding to the confidential matter of the Client, any office and working areas that are considered off-limits in advance.
2. In conducting an on-site audit by the Company, the Client shall perform the matters specified in each of the following items. If the Company finds that the Client does not comply with the matters specified in each of the following items after the commencement of the on-site audit, the Company may, at its discretion, suspend such on-site audit:
 - (1) The Client shall disclose all records and documents related to the on-site audit to the

Company;

- (2) The Client shall allow the personnel of the Company and the person specified by the Company to enter the office and working areas of the Client and to carry out interview to the people concerned. Also, the Client shall give special consideration to ensure that such entry and interview will be carried out smoothly.
 - (3) The Client shall follow the requirements for security standards and auditing standards established by PCI to record all complaints and corrective actions, and disclose such record upon the request of the Company.
 - (4) The Client shall select a responsible person and notify the Company of such responsible person.
3. The Client shall provide the Company with the logs as audit trail to prove that sampling inspection was performed in the course of the on-site audit. However, if the Client is unable to provide the Company with such logs due to the limitation on information security of the Client, the Client shall safekeep such logs for three (3) years after the completion date of the on-site audit.
4. The Company submits the report on the compliance of the PCI's security standards, which includes the audited Payment Card Information System and office location ("Audit Report") to the Client after conducting the on-site audit. Also, the Company issues a certificate of audit as an evidence that the Company has conducted the on-site audit.
5. The Client shall ensure that the target auditing division (regardless of capital relationship) performs the same obligations as those imposed on the Client under the Service Agreement. In addition, the Client is solely responsible for all actions taken by such target auditing division.
6. After the Company provides a certificate of audit, the Client agrees to accept regular on-site audits in accordance with the audit cycle determined by the Company or requested by certification bodies specified by the Company such as PCI SSC or others.
7. If any part of the Client's Payment Card Information System no longer meets the requirements for PCI's security standards and auditing standards from the previous on-site audit, the Client shall, at any point, promptly notify thereof the Company in writing. The Company may regularly visit the office of the Client to ensure that the Client's Payment Card Information System continues to be valid for the requirements for PCI's security standards and auditing standards.
8. To determine the effectiveness of the PCI's security standards, the Company may conduct one

or more short-notice audits in the following cases. In such a case, the Client shall submit the Company the trail or like that is necessary for the Company to determine the effectiveness of the PCI's security standards:

- (1) a case where there is a doubt about the effectiveness of PCI's security standards for the Payment Card Information System which underwent periodic audits;
- (2) a case where the Company receives complains;
- (3) a case where there is threatened significant nonconformance of the Payment Card Information System with PCI's security standards;
- (4) a case where any advertisement or promotion is made differently from the requirements for certificate of audit; or
- (5) other cases that any information which may be threatening to the validity of certification is confirmed.

9. The Client shall inform the Company of all important matters as listed below in relation to the audited Payment Card Information System:

- (1) Change of legal or commercial status/position or ownership of Payment Card Information System;
- (2) Change in organizations and management (i.e. key management, decision-making, or personnel involved in specialized works);
- (3) Change in the scope of audited Payment Card Information System;
- (4) Material changes of the Payment Card Information System and business process; and
- (5) The occurrence of significant security incidents in the scope of audit.

10. The Client shall promptly notify in writing the Company of change in the scope of target Payment Card Information System for audit associated with changes in business, transfer of such system and/or relocation of the Client's office. The Company shall conduct an on-site audit on the compatibility of such changed parts upon receipt of such notice from the Client.

11. The Company will notify the Client of any change in the requirements for PCI's security standards and auditing standards. The Client shall accept to receive an on-site audit to adopt new requirements and auditing standards in the period determined for each standard.

12. If a part of the Client's Payment Card Information System does not conform with requirements and/or auditing standards and such nonconformance persist, or if there is a major nonconformance of a part of the Client's Payment Card Information System with requirements

and/or auditing standards, and that the Company cannot confirm the correction of such nonconformance within the designated period, the Company may refuse to submit the audit report, collect the audit report, or cancel or revoke the certificate of audit.

13. If the Company receives a request from a certification body (including PCI SSC or others), the Client is subjected to the obligation to receive an on-site audit by auditing team from such certification body.
14. The Company may seek the Client for the approval of participation of an auditor in training in on-site audits to be conducted to the Client. The Client shall accept such auditor for the participation in on-site audits unless the Client has clear reason for not to accept such auditor.
15. If the Client allows its employee (including its temporary employees or employees of its subcontractors) to participate in on-site audits, such Client shall have overall responsibility for the confidentiality obligations assumed by such employee.
16. The Company may, prior to conducting the on-site audit, conduct preliminary investigations on the businesses using the Payment Card Information System subjected to the on-site audit.
17. The Client shall pay the fee listed below in audit cycles for conducting on-site audits by the Company and displaying certification mark, provided, however, if a separate contract between the Company and the Client ("Individual Contract") stipulates other fees/expenses and its payment method than those stipulated in these T&C, the Client shall make payment of such other fees/expenses in accordance with the Individual Contract.
 - (1) Fee for preliminary investigation
 - (2) Basic fee (Fee for administrative procedures)
 - (3) Fee for on-site audit (including the preparation of a document about audit plan)
 - (4) Fee for follow-up audits
 - (5) Fee for the preparation and reviewing audit report
 - (6) Audit fee to be incurred due to the change in the scope of audit (including change and addition of target location for audit)
 - (7) Fee for short-notice audits
 - (8) Fee for the issuance of certificate of audit
 - (9) Expenses for travel to and from the site and accommodation
18. The Client acknowledges that methods of sampling will be used for on-site audits and the nonconformance may exist for some items which were not subjected to audit sampling.

Article 3 (Certification mark, Audit report, and Certificate of Audit)

1. In order to maintain the credibility of the Company's certificate of audit, the Client agrees to and comply with the terms of use regarding the certification mark prescribed by the Company in order to use the certification mark in documents including flyers ("Advertisement Document", regardless of media such as electronic data or paper form, regardless of whether such documents are used internally or externally).
2. The Client shall not itself and cause any third party to use, express, and cite any certification mark and certification of audit which may cause misleading to others .
3. The Company may, at any time, refuse to submit or collect audit report, or cancel or revoke the certification of audit in a case that falls under any of the following items:
 - (1) a case where the Client breaches the Service Agreement;
 - (2) a case where it is determined that the Client's Payment Card Information System does not meet the requirements for PCI's security standards and/or auditing standards;
 - (3) a case where the Company confirms the false explanation was given in the course of audits which causes significant impact on audit; and
 - (4) a case where the credibility of PCI's security standards system is likely to be significantly impaired (including, violation of laws and regulations or others).
4. When the Client receives the cancellation of a certificate of audit or receives the notification on the revocation of a certificate of audit by the Company, the Client shall immediately cease or discontinue the posting of all items related to such certificate of audit, including certification mark used in the Advertisement Document.
5. If the Company confirms the fact and/or doubtful points (including security incidents related to credit card information or others) which may threaten the validity of certificate of audit by a report from the Client, news report, or others, the Company may temporarily cease the posting of items related to certification including certificate of audit used by the Client.
6. Any and all intellectual property rights including ownership and copyrights pertaining to certification mark, audit report, and certificate of audit shall belong to the Company, and the Client agrees thereto.
7. Except for the rights expressly granted to the Client pursuant to these T&C, the Company will not assign or grant any license to use any and all intellectual property rights including ownership and

copyrights pertaining to certification mark, audit report, and certificate of audit to the Client.

8. Notwithstanding the provision of the paragraph 6 of this article, license to use certification mark, audit report, and certificate of audit shall be granted to the Client upon the Client's compliance with the items to note contained therein. However, any intellectual property rights including ownership and copyright thereof shall not be transferred to the Client.

Article 4 (Confidentiality)

1. The Client and the Company shall not disclose or divulge any property and confidential information on the other party's techniques, sales, and businesses obtained through the Service Agreement and any personal information contained therein ("Confidential Information") to any third party.
2. Notwithstanding the provision of the preceding paragraph, the Confidential Information does not include the information that fall under any of the following items.
 - (1) information that is already lawfully acquired by the receiving party at the time of disclosure;
 - (2) information that is already known to the public at the time of disclosure;
 - (3) information that becomes publicly known after the disclosure without any fault or negligence of the receiving party;
 - (4) information that has been independently developed or created by the receiving party without relying on the Confidential Information; or
 - (5) information that has been obtained by the receiving party from third party as to which information the receiving party owes no confidentiality obligation.
3. Any trail used for making audit judgment shall be retained by the Company for three (3) years after the audit under the contract with PCI SSC.
4. Notwithstanding the provision of paragraph 1 of this article, the Company may disclose the Confidential Information if requested to disclose the Confidential Information by laws and regulations, provided, however, that the Company shall notify thereof to the Client, unless otherwise stipulated by the laws and regulations.
5. Notwithstanding the provisions of paragraph 1 of this article, the Company may disclose the Confidential Information if requested to disclose the Confidential Information under the contract with the PCI SSC. Also, if the Client is requested to submit audit trail, the Client shall submit the

audit trail to the Company.

6. The confidential obligations under this article shall remain in force for three (3) years after the termination or cancellation of the Service Agreement.

Article 5 (Termination by the Company)

1. In the event that the Client breaches these T&C, the Company may immediately terminate the Service Agreement.
2. The Company may terminate the Service Agreement without serving a prior notice to the Client if the Client falls under any of the following item:
